ciao ragazzi!

com'è mio solito fare volevo presentare altre collezioni di static figures che girano nel mondo...  
alcune di queste sono legate a prodotti commercializzati in tutto il mondo come la cocacola o la pepsi...  
e sono davvero fantastiche!  
ecco qui alcune foto:

Belli i bottle caps.

In giappone ci sono praticamente di ogni cartone animato esistente è una collezione infinita.

Star Wars poi è un collezionismo a parte....

..... troppo troppo troppo materiale.

Un mio amico dal giappone mi ha portato i bottle caps di dungeon monster. Conoscete???
